*Music fades in,
Plays underneath narration.*

27 million men, women, and children are working as slaves in 161 different countries including the United States of America. Many of these slaves are victims of sex trafficking and on average are only 14 years old. The End It Movement has gathered a group of non-profit organizations including, Love 146 and Not For Sale to put a stop to slavery.

Jessica Hughes *Anyone can be their voice, the first step is understanding.*
